

Dear Participant,

From the bottom of our hearts, THANK YOU. Thank you for not only committing to running in the Boundary Bay Marathon, but for showing your support for Ronald McDonald House BC & Yukon.

Every story is different at RMH BC, but so many of them start the same way: on what should have been a normal day, a child is diagnosed with a serious illness. Their family must leave for Vancouver immediately, and do not know where they will stay, or for how long. At RMH BC, these families can stay together while their child receives life-saving medical care and meet others who fully understand what they are going through. Families have a space to be families, and kids have space to play and be kids.

To provide all of this and more for families in need, we depend on generous community supporters like you. This year, we encourage everyone to raise enough money to Gift A Night to a family in need. By raising just **\$75**, you will help ease financial burdens and ensure that a family can stay together at RMH BC for one night. Together, we can team up to ensure that no family is ever turned away.

We can't wait to cheer for you on race day and we are wishing you all the best with your training. From our families at Ronald McDonald House BC to yours - thank you.

Grateful regards,

Sunshine Purificacion
Director, Community Development
Ronald McDonald House Charities BC and Yukon
